SUGGESTIONS FOR WRESTLING SINGLET:

There is no substitute for working with accurate measurements of the athletes when ordering uniforms. Often this information is not available, and garments must be ordered on a blind basis. Wrestlers in the same weight class may have very different builds, however, the following size ranges have worked well in outfitting high school and college wrestling squads, and are suggested for use in the absences of actual measurements furnished by the user. (College weight classes differ).

IMPORTANT NOTE: NEITHER THE POWERS MFG. CO. NOR ITS DEALERS WILL BE RESPONSIBLE FOR POOR FIT IF SPECIFIC SIZES ARE NOT FURNISHED BY THE USER.
